2009/10/11

Dear Sir/Madam,

We would be honoured to cover your wedding & have prepared this letter to explain our service offerings & guidance over pricing

We specialise in tailoring packages to suit your requirements & budget – what elements do you require for your wedding?

**Here a few things we do for all our clients:**

Visit your venue with you to walk through your day & timings

Start early & leave late – covering final preparations to past your first dance

Work with two or three photographers – in this case myself as the senior photographer with an experienced 2<sup>nd</sup> camera persons.

Provide an online website of all your photos & provide a disc of the website images for you

Supply a large signable framed photo to be signed by all your guests

Produce beautiful photos of your day

We offer a wide range of prints, beautiful handmade albums, digital coffee table books, as well as large format canvas & framed prints.

For 2009 we have introduced 'Hen & Stag Party' Shoots & 'Post honeymoon' fashion shoots

Our website [www.jcgphoto.com](http://www.jcgphoto.com) features all our recent weddings as well as dating back to 2003- all weddings are shown in their entirety typically between 750-1500 images published

Please let us know if you like to see our sample albums & discuss your plans in further detail

We look forward to talking to you

Kind regards,

Jeremy Clifton-Gould
